

Glen-Gery Landmark Stone Accessories

An Oldcastle® Company

Ask for details.

One main reason for stone's popularity with architects, designers and builders is its ability to adapt to design criteria. It can be shaped and used in a wide variety of traditional and contemporary detailing—from keystones to sills, wall caps and trimstones. Glen-Gery Landmark Stone manufactures a complete selection of stone accessories to match its comprehensive line of fine stone products.

KEYSTONES

5" x 9.5" x 11" x 1.75"
4" x 7.5" x 9" x 1.75"

Keystones provide the finishing touch to an archway crown or add extra warmth to any hearth.

Granite

Granite

TRIMSTONES

5.5" x 7" x 1.5"

Decorative treatment that will work well with enframements and other key structural features.

Granite

SILLS

23.5" x 3" x 2.5"

Sills are an attractive way to reduce the potential for water penetration while enhancing the appearance of any door, window or masonry opening.

WALL CAPS

14" x 23.25" x 1.75"

Use this distinctive feature to crown a stone wall creating additional aesthetic appeal.
